YOU PAY FOR VICTORY; YOU PAY MORE FOR DEFEAT

War costs money, billions of it, whether won or lost. Every day that it can be shortened will save this country millions of dollars; and the way to shorten it is to prepare quickly and fight hard. The more slight of this great nation resolutely arming for the conflict will have a discouraging effect upon the enemy.

Defeat is vastly more expensive than victory. On top of the war cost would be added billions of tribute to Germany, an intolerable burden for free born American citizens to bear.

NOW IS THE TIME TO ACT

to safeguard your freedom and your property from prolonged taxation. Invest in one or more bonds of the LIBERTY LOAN—all you can buy. You will be lending your money to the United States Government at 3 1/2% interest, to be returned to you in full. It will be as safe as it is humanly possible to make it. You will be helping the nation to win in this war and TO SHORTEN IT.

PEOPLE DO NOT YET REALIZE HOW SERIOUS IS THIS WAR

They feel far away from the scene of conflict. They cannot estimate Germany's war strength. They do not know how grave are the chances of defeat; how awful would be the consequences.

Allied victory now depends upon America. Peace, without disaster, may be long in coming unless this country throws into the war scales every ounce of its resources QUICKLY.

Money comes first, to equip, feed, munition and transport our military forces. Now, IMMEDIATELY, the Government must have billions loaned to it by its citizens. Delay may cost thousands of lives at the front and millions of property.

No citizen who has an income or steady employment can escape the obligation to subscribe to the Liberty Loan. You can buy a \$100 Liberty Bond by paying \$5.00 to your bank and the balance in easy installments.

CITY'S MARKET MAY QUIT SOON

It was inferred by Chairman Harry Wernse of the Richmond Market Commission, which met with a committee from the Merchants Association at the city hall last evening that the former were ready to lay down and quit.

The market since its inception has been a source of continual trouble.

BAND CONCERT THIS EVENING

A concert will be given by the Municipal band at the Lincoln auditorium this evening in which the principal soloists will be Miss Carrie Ellsworth, Belle Jacobs and Roy Patterson.

Director A. A. Hart will be in charge of the concert for the evening.

NEW MITCHELL

Isaac Lester, real estate dealer of this city has received delivery of a late model Mitchell touring car.

\$35,000 CONTRACT FOR BULKHEAD IN INNER PART OF HARBOR TO BE GIVEN

Pushing developments on the Richmond harbor, caused a mild display of fireworks between Mayor E. J. Garrard and Councilman J. N. Long at the city council meeting last evening. Long inferred in a statement that the council should play fair in the matter with the people. This brought a sharp answer from the mayor.

Councilman Long stated that there was a terrible undercurrent working against the improvement of the Richmond harbor. He termed them "ruffians."

Mayor Garrard said, "I wish the whole harbor fund had been spent as it would diminish to some extent the unjust criticism heaped on the council."

Councilmen expressed themselves, that every turn taken by the city for further work on the harbor led to litigation.

LIQUOR MAN IS ACCUSED OF AN OWNERSHIP IN THREE SALOONS

First charges that Joseph Raspiller, operated three Richmond saloons, in violation of the city liquor ordinance were made to the city council by Mrs. Clara Wilson, president of the W. C. T. U. Society last night.

The places mentioned by Mrs. Wilson as controlled by Raspiller were: Piedmont hotel, A. H. Weber; Roma Hotel, L. Richardson and Manhattan Hotel, G. Rector.

Members of the license committee of the council stated the Manhattan hotel to have been closed for several months.

Joseph Raspiller is said to have denied the reports of his ownership in the places. The matter was referred to the license committee for one week.

POLICE JUDGE HAS SIX CASES PENDING

Police Judge Hiram Jacobs in his monthly report to the council last evening showed six cases pending on the court docket. They are: John E. Deasy, misdemeanor, battery; Roy L. Long, misdemeanor, defrauding innkeeper; William Wainwright, misdemeanor; Edward Abbott, felony, grand larceny; A. G. Weber, misdemeanor, assault; civil suit Daniel J. Collins against Frank E. Claver.

Billy Maloney, manager of the Richmond Acme and popular clerk at the Pulse Bros. store is recovering from a recent operation at the Mary's Help Hospital in San Francisco. His friends are anxious to see him up and about once more.

BELLS TO TOLL LIBERTY BOND BUYING DAYS

Though she must raise nearly \$150,000, Richmond will not be found a "slacker" when all America breathes the tape, Friday at noon, closing her wonderful Liberty Bond campaign.

WHIRLWIND FINISH

Although slow to realize the necessity of bond buying, Richmond people are now flocking to the various banks and helping Columbia's cause.

SPEAK AT SANTA FE

Yesterday Master Mechanic E. H. Harlow of the local Santa Fe shops, addressed 500 employees on the necessity of purchasing Liberty Bonds.

Charles J. Orary of the First National bank also spoke on the necessity of prompt action at this time.

NOVEL PLAN

In order to help its employees buy Liberty Bonds, the Santa Fe will allow their bonus payable July 1st to go towards the purchase of Liberty Bonds. The company is willing to do their bit if the employees will only help out.

CAMPAIGN HERE

Prominent Oakland bankers were here today as the guests of W. L. Hallenger, W. Downing and C. J. Crary, heads of the Richmond banks, assisting in the Liberty Loan Campaign.

RING BELLS

Manager George Calvert of the Telephone company received a telegram from Washington today. It follows:
WASHINGTON, D. C., June 11, 1917.
Mr. Calvert, Telephone Co.
It is suggested from Washington through the Women's Liberty Loan Committee, Mrs. M. H. McLean, chairman, that all civic and church bells throughout the United States ring at 9:00 o'clock every night from Monday June 11 to Thursday June 14th inclusive. There will sound on Tuesday evening three bell strokes, on Wednesday two bell strokes and on Thursday one bell stroke.

The old Liberty Bell to lead the Liberty Loan Bell ringing. Please advise civic and church authorities in your exchange of above request and urge upon them to comply therewith.

LACK OF READY MONEY

The Field and Farm, an Eastern agricultural magazine hits the nail on the head when it declares that there is not much sense in urging the farmers to go out and replenish the earth with multiplicity of crops so long as they are improvidently hamstrung in their money matters. The scarcity of working capital is one of our greatest drawbacks in this ranching business and there is no immediate means in sight to relieve the situation. Uncle Sam has called for extra endeavor but has not offered to push out his cash box for farmers to help themselves with an equitable currency system.

We all know what a struggle it has been to rock along on short resources during all the last fifty years of normal conditions so it looks now like a preposterous proposition to expect the mass of farmers to buckle in and double their production without the extra money to carry on their operations under high pressure. Of course, farming, better perhaps than any other business, can manage to skimp along on a small bank account but this does not mean increased crops to feed half a dozen starving nations on the spur of the moment. Even in placid times it would be much better for all concerned could the average farmer have more cash back of his enterprise. As it is, the growing crop is an asset upon which it is not difficult to realize a little cash for immediate necessities. This summer supplies are bought on the basis of payment when the alfalfa is cut, the oats are threshed or other crops are marketed.

The possibility of this maintaining life on credit assisted our pioneer farmers wonderfully, but the war has emphasized the immediate necessity of getting the business upon a sounder basis—to make the chattel mortgage a stranger rather than an ever present ghost at the family board. Hand to mouth methods may have been necessary when the country was opening up, when men had only their strong hands and the sweat of their brow as capital; when cash was a scarce commodity and barter a common convenience in the ranch communities. In such times farmers were solely dependent upon the season and its crop productions, but we have outgrown all these primitive drawbacks and are now demanding something better.

If prices in all these struggling years had been commensurate with the cost of production and we had not been robbed on every hand by the trusts, our people would have had their own capital with which to swim on this flood tide of national disruption and short rations. The congress is even today asleep at the switch when it fails to immediately authorize the abstraction of the vast funds in the postal savings account and put the money among our people as farm loans instead of milling around in the wild scramble to see that the European allies are at once helped to a little tender of seven billion dollars to carry on their ungodly warfare for the destruction of civilization. We are pouring our water into the wrong rathole but the cards are stacked that way and here is not much assurance that the feeders of the nation will get any help at the time when they are needing it most.

We shall be glad to see Brazil in the war, but it would count more if Russia got in.

SETBACK OF SOCIALISM

The progress of socialism in the United States has been checked for a long time to come. There are honest, patriotic socialists. Allen L. Benson, the socialist candidate for the presidency last year, is one of them. The same may be said of Charles Edward Russell, the socialist candidate for governor of New York; John Spargo, long recognized as one of the world's brainiest men, and William English Walling, who risked his life in Russia in the cause of socialism.

But these men are the exceptions. The average socialist today either is an ignorant follower of Emma Goldman, who styles herself an anarchist, or is pro-German. They talk of internationalism, but mean German nationalism. They nearly all have German names and were much opposed to the sale of munitions to the belligerents, knowing, of course, that Germany after twenty-one years of preparation, had a vast stock of war supplies on hand, and was prevented by the British fleet from further importations. The unprepared allies were compelled to buy their munitions and material for munitions where it could be found.

Also the great majority of socialists were bitterly opposed to the United States doing anything that would check Germany's submarine warfare. They wanted Americans ordered off the seas. They opposed the flotation of British and French loans in this country. They opposed recognition of a state of war, and all preparation for war after it came. They were, and are, particularly bitter against selective conscription, and at least demanded that everything in the way of preparation be subjected to the delay of a referendum.

We know what socialism is doing for the kaiser in Russia, and we know what it has tried to do for the kaiser in the United States.

If you are a slacker it is time that you make a run for cover. The time is past for registering and the only way to make good at this time is to lose no time in enlisting for the war—and that may not save the man who has been recalcitrant to his duties to the government.

Those men who want to know the peace terms of the United States should understand that one of them is cessation of the ruthless submarine warfare of the Germans. So long as that term has not been complied with there is no need to bother about the others.

TOM-CATS FROWNED ON BY CITY DADS

Speaking of cats—the less said the better—according to the opinions of the various councilmen last evening, regarding licenses for "tom-mies" and "tabbies."

It was first deemed advisable to give the poundmaster fifty cents a cat. Then someone did some lightning mental mathematics and declared this would bust the city.

"Fifty cents a hundred then" said one.

Even this was thought exorbitant, so the amended pound ordinance went over by request of the committee to none week.

STANDARD AVENUE

WORK LAID OUT

The improvement of portions of Garrard boulevard and Standard avenue was laid over one week by the city council last night on the protest of E. A. Wernse.

JACK PICKFORD TO COME TO T. & D. TOMORROW

Sometimes rehearsals for the photodrama are fatal—sometimes they are most necessary. Jack Pickford, who will be seen at the Richmond T. & D. theater on Wednesday and Thursday in support of Vivian Martin in the Lasky-Paramount production, "The Girl at Home," is wondering in which class to put the rehearsal of a scene in this picture where the servant almost drops a hot flat-iron on his foot. When the director called a rehearsal of the scene, the iron was dropped and it happened that the Pickford toes were in the way. Unfortunately the camera was not in a position to register the emotions portrayed by the young actor, but when the scene was actually photographed, Mr. Pickford took particular pains to see that his pedal extremities were safely removed from the vicinity of the falling iron.

CANAL PROTESTS ARE OVERRULED

Protests from thirty-two property owners were overruled by the council last night, against improving streets in the canal subdivision and bids for the work called for Monday evening, July 2nd. Among the protesters were, Frank Weller, A. E. Dracker, Mary C. Hughes and E. A. Wernse.

Liberty Loan

Lend Your Dollars for Democracy

IN offering you the Liberty Bond, our Government is not asking you to give your money. Instead it gives you a splendid opportunity to save, to invest and to protect your home and your ideals.

Fight For Democracy

The Secretary of the Interior recently said:

"We came into this war for ourselves. It is a war to save America, to preserve self-respect, to justify our right to live as we have lived, not as some one else wishes us to live. In the name of freedom we challenge with ships and men, money and undaunted spirit that word 'verboten' which Germany has written upon the sea and upon the land."

"America speaks for the world in fighting Germany. Mark on the map those countries which are Germany's allies and you will mark but four, running from the Baltic through Austria and Bulgaria to Turkey. All the other nations the whole globe around, are in arms against her or are unable to move. There is deep meaning in this."

"We have taken up our burden in the world war for Democracy. With our Allies, we are gathered again under the old banner of Liberty to blot out the menace of Prussian Autocracy."

Register Your Money

Already 10 million young men in the United States, abandoning their peaceful careers, willingly and in reverence registered their names to give their very lives, if necessary, for the cause of Liberty.

Will you register your money to protect these lives, by buying a Liberty Bond?

As Good As Cash

And Paying Interest

Liberty Bonds mature in thirty years, bear 3½ per cent interest; are exempt from all State and Federal taxes, (except estate and inheritance taxes) and are convertible into any other United States bonds issued during the war bearing a higher rate of interest.

You can buy a bond as small as \$50 and you can arrange with your

bank to buy on the installment plan with a first payment as low as \$5.

Liberty Bonds will enjoy so wide a market, that they can be sold quickly even in times of financial stress. The \$50 and \$100 bonds will undoubtedly be accepted in many transactions in lieu of cash.

Liberty Bonds, under many conceivable conditions, may sell at a premium in the future, thus giving the present purchaser an opportunity for profit.

Everyone Must Do His Full Share

There is no valid excuse for any man or woman who has an income or steady employment, not to buy a Liberty Bond. All of your current and future savings should go into Liberty Bonds. You will save this money and you will help your country at the same time.

June 15th—The Last Day

On June 15th, subscription books will be closed. You must act at once. Delay in subscribing may lose you this opportunity and bring many a flush of shame to your cheek in the future. This two billion dollar issue is a moral mortgage, due June 15th, which must be taken up by every citizen in this country to the extent of his ability.

Double Your Subscription Before It Is Too Late

If you have already subscribed, figure up again your resources and your income. Can you double the size of your subscription?

Can you secure at least one new subscriber for the loan before June 15th?

Help To Over-subscribe The Loan

This issue must be over-subscribed. To do so will help to shorten the war. Prussianism, feudalism, autocracy will be dealt a hard blow by an over-subscription of this Liberty Loan.

Buy a Bond at your bank today. When these sons of ours have gone to France, you will want to feel that you have done your part for them. It is the very least you can do.

You can buy these bonds on the installment plan

His Unsolicited Testimonial
Oakland, Cal., Mar. 25, 1917
For several years I was troubled with NERVOUS ATTACKS. I visited the most prominent physicians in both OAKLAND and SAN FRANCISCO without obtaining permanent results. Finally, when an OPERATION ON MY SPINE had been suggested, I quit and began drinking the FONG WAN CHINESE HERB TEA. After seven weeks I felt entirely well. This was in September, 1916 and up to the present time, March 1917, there has been no recurrence of the attacks.

THE BEST TEST

Is the Test of Time.

Years ago this Richmond resident told of good results from using Doan's Kidney Pills. Now Mrs. Jas. Wright of 119 Roosevelt Ave., confirms the former statement—says there has been no return of the trouble. Can Richmond people ask for more convincing testimony?
Mrs. Wright says:
"I had heard Doan's Kidney Pills highly spoken of, in England, and when I had trouble with my back and kidneys, I got some of the Richmond Pharmacy. Besides the annoyance from backache, I often felt dizzy, was tired all the time, lacked strength and ambition and my kidneys were disordered. Doan's Kidney Pills removed all the distressing symptoms. I was given strength and felt better in every way. I later had an attack of rheumatic pains in my feet and ankles which made them badly swollen. I again used Doan's Kidney Pills and they removed the uric acid poison from my system. Benefitting me in every way." (Statement given January 28, 1910.)

A LASTING CURE

On May 31, 1916, Mrs. Wright said: "The cure I mentioned in my former recommendation has proven to be permanent."

\$105,000 STORM SEWER ORDERED FOR 10TH STREET

Despite protests from the Elms Landing and Dock company, the city council instructed the city attorney last evening to proceed with a condemnation suit for the acquiring of an 18th street for the proposed \$105,000 storm and sanitary sewer. Plans for the installation of the sewer were made by George S. Wall for the Corbinated Products Corporation and William Ellis, for the Arctic Ice and Cold Storage company.

SOCIAL SERVICE ASKS INCREASE

An increase from \$50 a month to a larger amount was requested of the city council by Mrs. C. S. Gibson, for the Social Service Bureau for carrying on relief work in this city last night. High prices on foodstuffs and the larger number of dependent families is said to have been responsible for the need of more money.

The matter was referred to the council as a whole to be considered at the Board of Equalization meeting, Monday July 2.

CALL FOR BIDS

Two weeks from last night was set as the time for opening of bids by council for riprap of east side bulkhead on the inner harbor. This work will cost approximately \$35,000. It must be done immediately according to the engineers or the clay fill already thrown up will be washed away by the first of the sou'easter storms.

TO HOLD MEETING

In order to get an outline as to what is the most important step to take at this time relative to the harbor improvement the council with the Richmond Chamber of Commerce and the Richmond Industrial Commission will arrange for a meeting of the various civic clubs and factory officials in this city this month.

INDIGNANT

Council members expressed themselves as quite indignant with the government appropriation of \$100,000 promised three years ago. It was stated that the city could go ahead with present work on the harbor and pay no attention to the government appropriation until it was actually received.

OPINIONS DIFFER

It was the opinion of some council members that before a tunnel or wharf was constructed that the city should have first dredged a channel deep enough off the outer waterfront, to enable ocean going vessels to use both the outer and inner harbors. The material to have been placed behind rock bulkheads, that warehouses might be erected on it. With the channel dredged and a fill for warehouses alongside, the city could have then erected the wharf and built the tunnel.
